Evangelization Through Friendship: How Does It Work?

MESSAGE FROM APG SPIRITUAL ADVISOR

My dear fellow Cursillistas,

“Evangelization through friendship” can work very effectively, but Cursillo would say its effectiveness isn't primarily because friendship is a clever evangelization technique. Rather, friendship is the environment in which authentic Christian witness can take root.

Cursillo method is often summarized as: “Make a friend, be a friend, bring a friend to Christ.”

Cursillo describes friendship as central to the Movement's charism and says that its evangelization seeks to communicate the Good News of God's love through friendship.

The principle of Cursillo is: Don't begin by asking, “How can I convert this person?” But “How can I genuinely LOVE this person, become his/her friend, and let Christ be visible in my life?”

Then, when the relationship and the Holy Spirit open the door: “Would you like to know the Christ whom I have come to know?” That mentality is very different from trying to persuade someone. That's why Eduardo Bonnín describes Cursillo as a “homage to friendship.”

Cursillo itself understands the three-day weekend as only one part of the process. Its “Fourth Day” continues through small friendship groups and Ultreya, precisely to sustain the Christian life after the initial experience. And this may actually explain why the method works.

The genius of the method may not be simply: “Make friends => convert them.”

It is closer to:

Friendship => Trust => personal witness => open to Christ => Christian community => perseverance => apostolic friendship.

So, the relationship isn't merely a means of getting someone to attend a Cursillo. Ideally, friendship itself becomes the vehicle of Christian witness.

That is very consistent with the early Cursillo mentality associated with Eduardo Bonnín: Evangelization begins with the person and his/her concrete environment, rather than with an abstract program.

The stronger Cursillo understanding is I become your friend because you are a person loved by Christ – not because you are a potential Cursillista.

Then my life, friendship, joy, faith, forgiveness, and service can become a living testimony. Whether the friend eventually accepts the Gospel remains his/her freedom. That is theologically much closer to genuine evangelization.

And it raises a particularly interesting question for Cursillo: “Is ‘friendship’ actually the Movement's evangelization method, or is friendship part of its deeper charism?” That distinction matters because it gets to the heart of what Eduardo Bonnín meant by the “Charism of Friendship.”

Fr. Paul T. Nguyen
APG Spiritual Advisor

A Signs of The Time

MESSAGE FROM APG PRESIDENT

Dear Brothers and Sisters in Christ,

As I observe the realities happening on the local level of every member country conducting their Cursillo Weekend and commemorating their anniversaries, like Republic of Korea, Socialist Republic of Vietnam, Taiwan, Republic of China is a sign of a vibrant APG.

We may truly say that what is happening today in the Cursillo Movement throughout the Asia-Pacific is a manifestation of God's Divine Providence when the Lord has begun to open doors before us. Through the referral of Bishop Mylo of the Diocese of Pasig, we were given the opportunity to respond to the need of Bro. Andrew Chai from Singapore, which has been a real grace from God.

We are now preparing for our upcoming Men's English 3-Day Cursillo Weekend, which will be held on October 22–25, 2026, at Sacro Costato Retreat Center in Quezon City. We are grateful to have seven (7) confirmed participants from Singapore, a Vietnamese, a parish priest and participants from different dioceses in the Philippines.

We continue to invite, reach out, and pray that we can reach our target of 28 participants. We believe that every candidate is a blessing and an opportunity for us to share Christ's love and the spirit of Cursillo.

This initiative is a respond to the Manifestation and Resolution of the 23rd Asia-Pacific Group (APG) Encounter which affirmed the theme and now a vision: "Cursillo: A Tool for Evangelization in the Asian Region."

Realities in APG

After sending letters to the APG member countries informing them that the term of the Philippine as the Coordinating Country of APG will end on June 30, 2027, we recognize the importance of having a transition period for the next Coordinating Country.

This transition is not simply an administrative matter. **It is an opportunity to preserve and strengthen the friendship and communion that have been established among the APG member countries**, and to allow these relationships to continue growing in the spirit of our 23rd APG Encounter, guided now by the vision: "Cursillo: A Tool for Evangelization in the Asian Region."

In the realities we are experiencing within APG, we feel and see the signs of the time. These signs invite us to listen more closely to the Holy Spirit and to discern new ways of working together in the service of the Gospel and build bridges of friendship, communion, and collaboration among our Cursillo communities as **signs of a Synodal Church in the Asia-Pacific region**.

However, may we be careful not to overwhelm one another or lose sight of the **course of action** that each member country has committed to, according to its own realities, needs, and circumstances, as expressed and approved in the Manifestations and Resolutions of the 23rd APG Encounter.

At this important moment of transition and in the light of the realities we are facing, we humbly ask for the collaboration, participation, and prayers of all our member countries. Above all, we ask the Holy Spirit to enlighten and guide us, so that, through prayerful discernment and listening, we may discern what is best for the Asia Pacific Group (APG), and how we can continue together in friendship, communion, growth, and mission.

De Colores!

Bro. Conrado Dizon
APG President

CM Taiwan, R.O.C.

The Cursillo Movement in Taiwan will hold its upcoming Cursillo Weekend from October 8 to 11, 2026, in Taichung and Kaohsiung.

This weekend will bring together brothers and sisters in Christ for a time of prayer, reflection, fellowship, sharing, and spiritual renewal.

As the weekend approaches, let us unite in prayer for all the candidates, Cursillo leaders, team members, spiritual directors, and everyone involved in the preparation and conduct of the weekend.

May the Holy Spirit guide every activity and every person who will take part. May the candidates have open hearts to receive God's grace and experience His love in a personal and meaningful way in the Cursillo Weekend in Taichung and Kaohsiung.

Let us also pray for the Cursillo community in Taiwan.

May God bless the 165th Men's & 151st Women's Cursillo Weekend in Taichung and 166th & 152nd Women's Cursillo Weekend in Kaohsiung.

Realities in APG

I. A Grace from God: A New Door for Cursillo in Singapore

By God's Providence, after the 23rd Encounter, an unexpected opportunity came to us.

We received a referral from Bishop Mylo Vergara of the Diocese of Pasig regarding Bro. Andrew Chai, who was reaching out to inquire if we could organize a Cursillo experience for a group of Singaporeans.

Because of the enthusiasm and joy that this brought, my immediate response was: "This is good news and a grace from God!" I initially understood the inquiry as an opportunity to conduct a Cursillo Weekend in Singapore.

However, Bro. Andrew replied to clarify the intention:

"Just to clarify, Brother, the intent is for these Singaporeans to fly to the Philippines to experience the Cursillo Weekend, instead of doing one in Singapore."

II. A Time of Transition and Discernment

After sending letters to the APG member countries informing them that the term of the Philippines as the Coordinating Country of APG will end on June 30, 2027, we recognized the importance of having a period of transition for the next Coordinating Country, so that the friendship, communion, and work already established among our member countries may continue to grow.

Among the responses we received, Australia's response prompted me to reflect more deeply and to consider their circumstances and possibilities. As a leader in APG entrusted with a challenging vision, I realize that decisions cannot be made simply through our own plans or human considerations.

At the same time, while trying to respond to proposals, requests, Palanca, prayers intentions, and other needs of our member countries, something slowly began to surface in my heart: perhaps these are signs of the times inviting us to listen more closely to the Holy Spirit.

These realities is an invitation to every APG member country to discern new ways of working together, where collaboration may flourish, participation may deepen, and our friendship and communion may continue to grow.

Perhaps this is also an invitation for **us to continue building bridges as a Synodal Church in Asia-Pacific** - walking together, listening to one another, respecting our cultural diversity, and discerning together where the Holy Spirit is leading us.

As we enter this important time of transition, may we not be overwhelmed by the many realities before us. Instead, may we remain prayerful, humble, and open to God's guidance, trusting that the Holy Spirit will lead us toward the path that will best serve the Cursillo Movement and its mission of evangelization in the Asian region.

News from the Archdiocese of Seoul

by Sis. Julia Park and Angela Hyeowon Jong

1. Cursillo Weekends Held (July–September 2026)

- Total Weekends: 3
- Total graduates: 148 (including 3 religious)
- 54th & 55th Youth Cursillo (2 weekends): 101 graduates (44 men, 57 women)
- 430th Women's Cursillo (1 weekend): 47 graduates (including 3 religious)

2. 9th Team Leader Training

The 9th Team Leader Training was held on July 1, 2026, with 50 participants, including Ultreya team leaders and secretaries. The program included a spiritual conference by the Diocesan Spiritual Director, team commissioning, guidance on Group Reunion meetings, best practices for Group Reunion meetings, the roles and responsibilities of team leaders, practical guidelines for strengthening Group Reunion meetings, and concluded with a Closing Mass.

3. 18th Archdiocese of Seoul Ultreya

Preparations are underway for the 18th Archdiocese of Seoul Ultreya, which will be held on October 17, 2026, at Dongsung High School, Seoul, Korea. Approximately 3,500 Cursillistas are expected to attend. The theme is: "Yet I live, no longer I, but Christ lives in me." (Galatians 2:20)

4. 51st National Meeting of the Korea Cursillo Council

The 51st National Meeting of the Korea Cursillo Council was held on July 10–11, 2026, at Tae-Am Leo Hall in the Diocese of Incheon, with 59 participants, including diocesan presidents, spiritual directors, and secretariat executives. The meeting focused on key agenda items, reports on major activities from each diocese, and fellowship among participants.

CM Vietnam

As the 60th Anniversary of Cursillo in Vietnam approaches in April 2027, Bro. Anthony and his team are preparing a commemorative book to mark this special occasion.

They are looking for authentic quotes, speeches, messages, or other references from Pope Leo XIV concerning the Cursillo Movement, particularly from his years of ministry in Peru or since becoming Pope. If anyone has relevant references or sources, these would be greatly appreciated for inclusion in the commemorative book.

They are also seeking photos of Venerable Cardinal Francis Xavier Nguyễn Văn Thuận, a Vietnamese Cursillista who attended a Cursillo in Manila, Philippines before 1975. Bro. Anthony has asked Bro. Conrado for assistance in checking whether there are any photos or archival materials from his Cursillo experience in Manila that may be shared for the book.

Any information, references, or photographs that may help the Vietnam team in preparing this historic commemorative publication would be most welcome.

Cursillo in Palo: Growing in Grace, Living in Mission

by Sis. Doone Pedrosa of Diocese of Palo, Leyte, Philippines

2026 marks the ninth year of Cursillo since its rebirth in the Archdiocese of Palo in 2017. Through the years, the Cursillo de Cristiandad of the Archdiocese of Palo (CUPA) has grown into a thriving and dynamic community, sustained by the grace of God and the generosity of its leaders and members.

Since 2020, CUPA has continuously conducted Cursillo Weekends, holding classes at least twice a month for nearly nine months of the year. As of September 2026, Men's Class 94 is being conducted, with four more classes scheduled to bring the year to a close with Class 98.

TOUCHING LIVES, BUILDING COMMUNITY

Through these years, Cursillo has touched and transformed the lives of more than 3,000 brothers and sisters across the Archdiocese of Palo. Each Cursillo Weekend becomes an opportunity for our brothers and sisters to encounter Christ, deepen their faith, and discover anew their vocation to Christian life and mission.

JOURNEYING TOWARD OUR TENTH YEAR

Our Grand Ultreya, traditionally celebrated every first Saturday of December, has become an annual gathering of thanksgiving, fellowship, and renewal. This year, our 9th Grand Ultreya will serve as a significant milestone as we prepare to enter our tenth year of Cursillo in the Archdiocese of Palo.

As we look toward this new chapter, we carry with us the theme:

“Living the Life of Cursillistas: Calling – Communion – Conversion.”

It is an invitation to remember that Cursillo is not simply an experience we have received, but a life we are called to live—answering Christ's call, growing in communion with one another, and allowing ourselves to be continually converted by His grace.

STRENGTHENING THE POST-CURSILLO JOURNEY

The Cursillo community continues to navigate, develop, and promote various Post-Cursillo gatherings and activities. Still in its early stages, our School of Leaders (SOL) is continually being mobilized to form Rollistas and leaders who can help our brothers and sisters better understand and fully appreciate the Cursillo Weekend.

This journey of formation has not been without its challenges. In the absence of a formal guideline or structure for the School of Leaders in our local context, we continue to rely on the grace, inspiration, and guidance of the Holy Spirit as we discern how best to form and equip our leaders for the mission.

FROM THE WEEKEND TO THE PARISH

While Cursillo continues to grow in numbers, we recognize that its fruits must ultimately find expression in the life of the parish community. Through the leadership of our Parish Cursillo Coordinators, we continue to accompany our brothers and sisters after their Cursillo Weekend and encourage them to return to and become active members of their parish communities.

Guided by the leadership of the Secretariat, the Cursillo community moves with one singular mission: to bring our brothers and sisters back to Christ and help them live out their Christian vocation in their environments.

GROWING BY GRACE

The growth of Cursillo in the Archdiocese of Palo, together with its continuing efforts in formation, is a manifestation of the Spirit at work and the overflowing grace of God. We recognize that whatever has been accomplished through these years is ultimately a gift from the Lord.

As we continue to grow, we also continue to pray for the establishment of a proper Cursillo House—a place that can serve as a home for formation, fellowship, prayer, and the continuing mission of Cursillo in the Archdiocese of Palo.

ONE MISSION, MANY EXPRESSIONS

The Cursillo community in Palo also seeks to make its presence felt in the wider life and mission of the Church. Our members support activities of Human Life International, Divine Mercy, and other Church, parish, and community initiatives.

In all these efforts, we are reminded that the spirit of Cursillo does not end with the Weekend. It continues wherever Cursillistas live their faith, accompany one another, serve the Church, and bring Christ into their environments.

Nine years after its rebirth, Cursillo in Palo continues to grow—not only in numbers, but in communion, formation, and mission. As we journey toward our tenth year, we entrust the years ahead to the Lord, confident that He who began this work among us will continue to lead us where He calls us.

A Pastoral Reflection

As we reflect on the journey of Cursillo in the Archdiocese of Palo, Leyte, Philippines, we give thanks to God for the grace that has sustained the Movement through the years. What has been shared is more than a story of growth in numbers; it is a testimony of people seeking to bring Christ into their parishes and environments.

For us in the APG family, may this experience remind us that the Lord is also at work in each of our countries. Our circumstances may be different, our cultures diverse, and our journeys may not always be easy. Yet we believe that the same Holy Spirit continues to guide us and to call us into deeper communion and mission.

May we learn to recognize the grace of God in the small beginnings, in the challenges we encounter, and in the people whom He places along our journey. May we continue to accompany one another as brothers and sisters, sharing our experiences, encouraging one another, and helping each other remain faithful to the spirit and mission of Cursillo.

May the story of Cursillo in Palo, Leyte, Philippines inspire us to renew our own commitment to live the grace we have received—not only during the Weekend, but every day of our lives: in our families, parishes, workplaces, communities, and wherever the Lord sends us, so that together we may live our vision:

“Cursillo: A Tool for Evangelization in the Asian Region.”

May we continue to grow in grace, live in communion, and bring Christ in every environments.

Philippine National Cursillo Secretariat

Cursillo in Australia

by Bro. Pablo Rossi

The Cursillo Movement in Australia continues its mission, with several important events taking place across the country in recent months and more exciting activities planned for the last quarter.

Recent Cursillo Weekends Across Australia

The Cursillo community has been active throughout the year, with three-day Cursillo weekends recently held in different parts of Australia.

In Cairns, Queensland, a three-day Cursillo was held from 17–19 July, bringing together Cursillistas and new candidates for a time of faith, fellowship, reflection and renewal.

More recently, the Cursillo community gathered in Wollongong, New South Wales, for another three-day Cursillo from 10–13 September. These weekends continue to provide an opportunity for participants to deepen their relationship with Christ, strengthen their Christian commitment and experience the support of the wider Cursillo community.

The Final Cursillo of the Year

The final three-day Cursillo of the year is scheduled to take place in Lismore, NSW, from 15–18 October.

This will be another important opportunity for the Movement to welcome new participants and to continue its mission of helping Christians live out their faith in their everyday environments.

We ask all Cursillistas to keep the candidates, team members and organisers in their prayers as they prepare for this final Cursillo of 2026.

National Secretariat AGM and 60 Years of Cursillo in Canberra

October will also be a particularly significant month for the Cursillo Movement in Australia.

On 23–25 October, the National Secretariat will meet in Canberra, ACT, for its annual AGM, together with delegates representing dioceses from across the country.

This year's gathering will be especially meaningful as it will also coincide with the 60th anniversary of the Cursillo Movement in Canberra.

The occasion provides an opportunity not only to conduct the important business of the National Secretariat, but also to celebrate six decades of Cursillo in Canberra and to give thanks for the many people who have contributed to the Movement over the years.

As we look towards these events, we give thanks for the continued dedication of Cursillistas throughout Australia and pray for God's blessing upon all those involved in the upcoming Cursillos, the National Secretariat and the 60th anniversary celebrations.
